Dear BLACKJACK families and friends,

CDR Jon Laubach

Dear BLACKJACK families and friends,  
I hope this newsletter finds you all well as the weather starts to warm up happy to report that Detachment TWO liberty in the exciting port of Rota, the gateway to the Mediterranean for the Strait of Gibraltar and enjoys the southern Spain. Here at home, our

here in Virginia. I'm enjoyed a great week of Spain. Rota, known as our Navy, is just west of semi-tropical climate of squadron is getting active outside with our BLACKJACK softball team participating in the Little Creek base league. We will play a couple of games a week. Our games are a great chance for our BLACKJACK family to gather socially. There isn't a long-term schedule for the team. Instead, the base releases a weekly schedule every Monday. AC3 Eycles is the coach and can be contacted for the schedule via email ([andrea.eyges@navy.mil](mailto:andrea.eyges@navy.mil)).

The Family Readiness Group had a wonderful POT LUCK and Egg Hunt last month. I'm certain all that attended had a great time. The children sure got their fill of eggs and chocolates! You can see some pictures of the event in the newsletter. This month, the FRG will be gathering at the USO on Wednesday, May 2<sup>nd</sup>, at 6:00 pm. The highlights of this month's gathering are a baby shower for Lt. Frank Monti's wife, Angela, as well as a presentation on etiquette. Thank you again to FRG President, Angela Smith and everyone else in the FRG for setting up this event. As always, Sailors, their friends and family are invited to attend.

I want to take this opportunity to thank Mrs. Kathleen Fryar for serving so ably as our Ombudsman. She is moving out of the area to be closer to family while her husband is deployed. Over a year ago, she volunteered to act as the direct line of communication between our families and the command. She has done a great job and certainly deserves all of our thanks

AC3 Eycles continues to produce a great newsletter. Please pass any ideas for the newsletter to her. As a reminder, there are a couple of ways to get the newsletter either by email or by going to our website, <http://www.tacron21.navy.mil>, and selecting "Newsletter." If you know of anyone that you'd like to receive the newsletter, please send their email address or mailing address to [andrea.eyges@navy.mil](mailto:andrea.eyges@navy.mil).

Blackjack Families and Friends,

I am proud to write that our Sailor's hard work and training over the past year and during pre-deployment work ups has paid off. They have trained in tactical simulators, completed fire fighting training, aircrew underwater egress training, been educated on tactical warfare operations, attended numerous lectures, briefs, and schools, and performed outstanding during our certification work ups; and now we are enroute to the Mediterranean Sea and Middle East excitedly ready to accept any task the Navy assigns.

Although it is difficult leaving our family and friends back home, the crew adjusted well and morale is good; everyone is pressing hard toward their professional and personal goals. I would like to personally thank all the families, friends, and our Shipmates back home for your support during our preparation and toward our smooth transition to sea; and tackling the challenges that lie ahead would not be possible without all of you.

Please continue with your prayers, as all of you are in our prayers as well. God bless and Go Navy!

Very Respectfully,  
ACC(AW) Mike Presnell

## CREDIT CARD FRAUD

Just a heads up for everyone regarding the latest in Visa fraud. Royal Bank received this communication about the newest scam. This is happening in the Midwest right now and moving.

This one is pretty slick since they provide YOU with all the information, except the one piece they want...

NOTE: The callers do not ask for your card number; they already have it...

This information is worth reading. By understanding how the VISA and MasterCard telephone Credit Card Scam works, you'll be better prepared to protect yourself. One of our employees was called on Wednesday from "VISA", and I was called on Thursday from "MasterCard".

The scam works like this:

Person calling says- 'This is (name) and I'm calling from the Security and Fraud Department at VISA. My badge number is 12460, your card has been flagged for an unusual purchase pattern, and I'm calling to verify. This would be on your VISA card which was issued by (name of bank). Did you purchase an Anti-Telemarketing Device for 497.99 from a marketing company base in Arizona?' When you say 'No', the caller continues with 'Then we will be issuing a credit to your account. This is a company we have been watching and the charges range from \$297 to \$497, just under the \$500 purchase pattern that flags most cards. Before your next statement, the credit will be sent to (gives your address), is that correct?' You say 'Yes'.

The caller continues- 'I will be starting a Fraud Investigation. If you have any questions, you should call the 1-800 number listed on the back of your card (1-800-VISA) and ask for Security. You will need to refer to this Control Number. The caller then gives you a 6 digit number 'Do you need me to read it again?'

Here's the IMPORTANT part on how the scam works- The caller then says, 'I need you to verify you are in possession of your card'. He'll ask you to 'turn card over and look for some numbers'. There are 7 numbers; the first 4 are part of your card number, the last 3 are the Security Numbers

that verify you are the possessor of the card. These are the numbers you sometimes use to make Internet purchases to prove you have the card. The caller will ask you to read the last 3 numbers to him. After you tell the caller the 3 numbers, he'll say, 'That is correct; I just needed to verify that the card has not been lost or stolen, and that you still have your card. Do you have any other questions?'

After you say no, the caller then thanks you and states, 'Don't hesitate to call back if you do', and hangs up. You actually say very little and they never ask for or tell you the card number. But after we were called on Wednesday, we called back within 20 minutes to ask a question. The REAL VISA Security Department told us it was a scam and in the last 15 minutes a new purchase of \$497.99 was charged to our card. We made a real fraud report and closed the VISA account. VISA is reissuing us a new number. What the scammers want is the 3-digit PIN number on the back of the card. Don't give it to them. Instead, tell them you'll call VISA or MasterCard directly for verification of their conversation.

The real VISA told us that they will never ask for anything on the card as they already know the information since they issued the card. If you give the scammers your 3 digit PIN number, you think you're receiving a credit; however, by the time you get your statement you'll see charges for purchases you didn't make and by then it's almost too late and/or more difficult to actually file a fraud report.

What makes this more remarkable is that on Thursday, I got a call from a 'Jason Richardson if MasterCard' with a word-for-word repeat of the VISA scam. This time I didn't let him finish. I hung up. We filed a police report, as instructed by VISA. The police said they are taking several of these reports daily. They also urged us to tell everybody we know that this scam is happening. I dealt with a similar situation this morning, with the caller telling me that \$3,097 had been charged to my account for plane tickets to Spain, and so on through the above routine...It appears that this is a very active scam and evidently quite successful.

## FEDERAL RETIREMENT THRIFT INVESTMENT BOARD

### FEDERAL RETIREMENT THRIFT INVESTMENT BOARD ANNOUNCES THE LAUNCH DATE FOR NEW ROTH TSP OPTION

Washington, D.C. -- The Federal Retirement Thrift Investment Board announce today at its quarterly interagency meeting of Thrift Savings Plan(TSP) coordinators that May 7, 2012 will be the day that the TSP will begin to accept Roth TSP contributions. The Roth TSP was authorized by the Thrift Savings Plan Enhancement Act of 2009, which was enacted on June 22, 2009, and will allow Federal civilian employees and members of the uniformed services to contribute after-tax dollars into the TSP for the first time. Both the contributions and their earnings will be tax-free when withdrawn, as long as IRS requirements are met.

According to Greg Long, Executive Director of the Agency, "the Roth TSP option offers and important new tool for Federal civilian employees and uniformed service members in managing their retirement income by providing greater flexibility in the tax treatment of contributions now and in the future." Long noted that the Agency will continue to provide participants and agencies with educational materials to help them understand this new option but, as with all tax matters, participants should seek the advice of their qualified tax or financial advisers for answers to questions pertaining to their specific tax situation.

The agency has been sharing Roth TSP planning bulletins with agency and service payroll and personnel representatives since December 2010 to provide them with the information they require to be able to program their payroll systems to accept and transmit pre-tax and after-tax money. The Agency is aware that not all agencies or services have completed the technical and programmatic modifications of their payroll systems required to implement Roth TSP. These agencies or services will require additional time to modify their payroll systems and will be able to begin participation in Roth as soon after May 5, 2012 as they are able.

With the addition of the Roth TSP option, participants can choose to invest pre-tax or after-tax dollars in any of the TSP funds, up to the Internal Revenue Code limits. TSP participants can currently invest in ten different funds: the five Lifecycle (L) Funds, the Government Securities (G) Fund, and the four broadly diversified stock and bond funds – the Fixed Income Index Investment (F) Fund, the Common Stock Index Investment (C) Fund, the Small Capitalization Index Investment (S) Fund, the International Stock Index Investment (I) Fund.

The TSP is a retirement savings plan for Federal employees; it is similar to the 401(k) plans offered by many private employers. As of March 2012, TSP assets totaled approximately \$308 billion, and retirement savings accounts were being maintained for roughly 4.5 million TSP participants. Participants include Federal Civilian employees in all branches of Government, employees of the U.S. Postal Service, and members of the uniformed services. Additional information can be found at [www.tsp.gov](http://www.tsp.gov).

Take note of military children. Their ability to change and adapt during frequent moves and parental deployments is a true example of resilience.

We all play a key role in providing for the mental, emotional and social well-being of our children. Create an environment where they can express themselves. Be honest and listen to them. Enlist the assistance of your extended family. Remember: it takes a village to raise a child.

## MilitaryKidsConnect

Kids deploy, too. MilitaryKidsConnect (MKC) offers children a safe, fun, interactive place where they can build resilience and learn coping skills to help deal with the challenges of having a deployed family member. Through participation in MKC's monitored online forums, children (ages 6-17) can share their experiences with other military children, letting them know they are not alone.

The site hosts a message board, games, activities and videos. The My Stuff area allows kids to personalize their space with a picture or avatar and earn different stamps for their "passports" as they travel through the site. In the Deployment Daily, users have the chance to read what other kids are thinking about various deployment topics and learn some helpful coping tips. Parents and educators have an area, too. MKC provides information to help them understand what it takes to support military children in home and school settings. For additional resources for children, please visit the CNIC Deployment Readiness Website.

You can begin the enrollment process by logging on to the [Navy Family Accountability and Assessment System \(NFAAS\)](#) and clicking on the EFM tab. For further information and assistance, contact the [EFMP Liaison](#) at your local Fleet and Family Support Center.

## Moving Tips for Military Children

- Make sure children have an opportunity to take a few of their favorite things with them on the trip to your new duty station.
- Give children a special job on move "out" and move "in" days so they feel a valuable part of the process.
- Teach your children their new address and phone number as soon as you arrive at your new home.

## Navy Family Accountability and Assessment System (NFAAS)

NFAAS allows Navy personnel to manage the recovery process for personnel affected by a widespread catastrophic event. It is also helpful in providing commands with information to support IA family members while their sponsors are deployed overseas. [Watch the video](#) and [log on to NFAAS](#).

## Every Child Counts

The New Parent Support Home Visitation Program is committed to providing support services to active-

duty families with children under the age of four. This program offers an array of services designed to strengthen families, with a primary mission to identify risk factors that could lead to incidents of child abuse and neglect.

There are individuals who believe that parenting does not require "real" skills or effort. This is a huge misconception. Every year, the Department of Navy compiles a report of all child deaths that occurred in active-duty military families. In 2010, there were 10 child deaths in families of active-duty Sailors and Marines. According to the 2010 Department of Health and Human Services report on Child Maltreatment, 68 percent of all child deaths were caused by neglect. Unfortunately, severe neglect cases are due to parents and child caretakers lacking knowledge of parenting and early child development.

This year's Child Abuse Prevention Month Theme is "Every Child Counts." This theme reflects our belief that every child deserves to be safe, nurtured and allowed to thrive. Every parent, guardian and child caretaker can actively participate in the child abuse prevention campaign by simply raising their awareness.

## Ways You Can Support a Survivor of Sexual Assault

April is Sexual Assault Awareness Month (SAAM), calling both military and civilian communities to raise awareness. According to the National Intimate Partner and Sexual Violence Survey, nearly one in five women and one in 71 men in the United States report having been raped or sexually assaulted in their lifetime (CDC, 2010). If you know someone who has been sexually assaulted, here are some ways that you can support them:

- **Listen to them.** Ask survivors what they need and respect their wishes. Everyone reacts differently: they may just want you to listen. Don't assume you know what they need.
- **Believe them and let them know they are not to blame.** Many survivors of sexual assault are afraid to tell anyone about their experience

because they think they will not be believed. Recognize the courage it must have taken to tell you; reassure survivors that you believe them and that the assault was not their fault.

■ **Respect their right to privacy.** It is the survivor's decision who they want to tell about their experience. Don't repeat the story unless they ask you to. For survivors to preserve the option of making a confidential, restricted report, they can only report the assault to a Sexual Assault Response Coordinator (SARC), SAPR Victim Advocate (VA), or healthcare provider. If the survivor reports the assault to anyone in their chain of command, it is an unrestricted report and automatically triggers a law enforcement investigation.

■ **Help them identify who they can turn to for support.** A good place for survivors to start is the DoD Safe Helpline, which provides live, one-on-one, confidential support and information. Specially trained Safe Helpline staff offer help three ways: via online instant-messaging ([www.safehelpline.org](http://www.safehelpline.org)), toll-free phone (877-995-5247), or text message (55-247; 202-470-5546, outside the U.S.).

## Military Family Transition

When your Sailor separates or retires from the Navy, the transition may seem overwhelming. Navy Fleet and Family Support Centers (FFSCs) are there to guide you through this process. FFSC staff are available to provide you, the family member, with assistance during the transition process. You can obtain extensive employment assistance, help with relocation and direction for personal finances. It can be hard to know where to begin, so a good first step is to contact your FFSC. Visit the FFSC website at [www.ffsp.navy.mil](http://www.ffsp.navy.mil) to locate your nearest center. With a little help, all transitions can be accomplished smoothly.
